From Coach Schultz...

Every year, one thing that remains a constant is how the off-season moves slowly until around mid-October, then everything just seems to fly by and suddenly it is Christmas. This year appears to be no different, as about one month from today the 111th season of PHS boys' basketball will officially begin when we take the floor for our first practice on the afternoon of Monday, November 17.

Numerous thanks to the various members of PABA (coaches and board members), who represent our youth players, and to the volunteers of the Boys' Basketball Booster Club for sharing their talents and time this year, while helping to create a strong and successful PHS boys' basketball program.

I am and will always remain immensely appreciative of the efforts put forth by everyone who is involved with both groups. They are essential to the past, present, and future successes of the program. If you are interested in being part of either group, email me directly, send a message to the email listed at the bottom of this newsletter, or send a message via Facebook. Any level of help is highly valued, appreciated, and needed.

Continued good luck and good health to everyone in a fall sport. Finish your season's strong and represent yourselves and PHS well. To all potential high school players, open gyms are a great way to prepare for the season. It is always wise to take advantage of them. The *Plymouth Panthers Boys Basketball Shot Club* ends on October 31, with forms due on November 15. Players will be recognized during "Youth Night" on Friday, January 23, at PHS against Menasha.

Thank you for your support! *Coach Tim Schultz*
